COLLEGE OF COMPUTING AND INFORMATION SCIENCES
DEPARTMENT OF COMPUTER SCIENCE

20th February, 2025

TO WHOM IT MAY CONCERN

RE: Placement of Derrick Bainomugisha for Internship/Field Attachment

This letter introduces to you **Derrick Bainomugisha** Reg No. **23/U/0350**, a student on the **Bachelor of Science in Computer Science** Programme of Makerere University. The program prepares students to become professionals in Computer Science disciplines.

The main purpose of field attachment is to enable the student gain hands on experience while working with real established systems. These experiences enable the students to critically reflect on how the theory and practicals covered in class is applied in real life work situations and help them translate theory into practice. This year, the field attachment is being carried out between **16th June, 2025** and **15th August, 2025** and should last at least **eight weeks** from the date of commencement.

The attachment is assessed in two ways. The officer to whom the student reports within the organization assesses the student's participation within the organization's systems. Secondly, the student is required to submit a written report to the department and the organization where he/she is attached. Our staff will come to assess the student's progress and seek your views about their performance. As a department, we encourage students to approach organizations which they feel may be running systems related to what they learn.

We would be grateful if you accept to host our student in your organization. In case you are able to host the student, please let us know the name of the person from your organization whom we can liaise with during the industrial training. We expect our students to abide by the rules and regulations of the organization. Please feel free to contact me on email (**baino@mak.ac.ug**) or the Department Coordinator on email (**barbara.nansamba@mak.ac.ug**) for any additional information that you may wish to have.
Looking forward to future collaboration,
Yours faithfully,

Assoc. Prof. Bainomugisha Engineer
